ADVANTECH® FLOORING

ZIP SYSTEM COST COMPARISON TOOL
Specific costs to be provided by retailer or builder

Introducing ZIP System® Wall Sheathing: The Next Generation of Walls®
From the Creators of AdvanTech® Flooring

WHY IS ZIP SYSTEM WALL SUPERIOR?

- Built-in, water-resistive barrier eliminates housewrap for fast, easy installation
- Barrier won't blow off, tear or require rework like housewrap
- Barrier provides water and air resistance for protection during and after construction
- ZIP System panel and barrier are specially engineered to allow the ZIP System Walls to breathe
- Meets 2006 IRC & IBC code requirements for a water-resistive barrier (ESR-1474)
- FL DCA Product Approval Number 6565 - R2
- ZIP System panels are backed by a 30-Year Limited Warranty¹

Sample - Material Cost Comparison¹

BENEFITS NOT INCLUDED:

- No Risk of water becoming trapped between housewrap and sheathing which could result in moisture related issues.
- Fastening guide aids in easy panel installation and serves as a guide during siding installation.
- Ability to build walls faster enabling you to finish homes earlier.
- High quality appearance during construction for great homeowner appeal
- 30-year limited warranty on the ZIP System Panel for peace of mind.

1. These costs are estimates only. Huber Engineered Woods LLC does not set retail pricing.

2. All costs are estimates and vary based on labor costs & rework cost

3. Limitations and restrictions apply. See rebate for full details.
