RE: Huber Engineered Woods – Zip System

All Metal Sales Manufacturing Corporation metal roof panels may be installed over Huber Engineered Woods' ZIP roof system under the following conditions.

1. Metal panels must be installed in accordance with standard Metal Sales details and instructions.
2. The roof assembly must be in compliance with all applicable building code requirements.
3. The ZIP roofing system installation instructions must be followed.

When the Metal Sales roof panels are installed as noted above, the warranty provided with panels is in effect

A handwritten signature in black ink, appearing to read 'David Stermer'. The signature is fluid and cursive.

Best Regards,
David Stermer, PE
