

## PerformMAX Cosmetic Repair

For minor cosmetic repairs to the PerformMAX overlay, it is recommended that a sample piece of the PerformMAX be taken to your local paint supplier or hardware store to be custom color-matched. If taking a sample of PerformMAX to be color-matched is not an option for you, one of the color formulations listed below can be used. There may be slight color variations between PerformMAX panels and paint batches, and there is no guarantee that the paint color listed below will be an exact match for every PerformMAX panel.

For PerformMAX with black overlay:

For PerformMAX with tan overlay:

### DISCLAIMER
