

**EXACOR™ RESIDENTIAL LIMITED WARRANTY**

---

**1. Definitions**

For purposes of this limited warranty (this “warranty”), the following definitions are used:

“HEW” means Huber Engineered Woods LLC.

“Exacor Panels” means (i) 1/2” or 5/8” thick EXACOR™ panels used in exterior wall sheathing applications, (ii) 3/4” thick EXACOR™ panels used in subflooring applications, or (iii) 1/2” thick EXACOR™ panels used in flooring underlayment applications.

“Residential Structure” means (i) a one- or two- family dwelling or structure (excluding townhomes) permitted under the International Residential Code (as it may be updated or amended from time to time) or governing residential code, and (ii) located in the United States or Canada. No other multi-family, townhomes, or other dwellings are covered by this warranty.

“Warranty Period” means 1 year from the date of installation of the Exacor Panels.

“Original Homeowner” means the original owner of the Residential Structure incorporating the Exacor Panels.

“User” or “you” means either the residential builder who purchased the Exacor Panels installed on the Residential Structure or the Original Homeowner.

“Manufacturing Defects” means irregular or non-square edges to the edge profile, the length and width of the Exacor Panels being more than (+ or -) 1/8” different from the advertised length and width of the Exacor Panels, or severe pitting, cracking, or bubbles on the Exacor Panel surface.

“Delaminate” means the visible separation of layers of the Exacor Panel that reduces the panel’s load-carrying capacity. Minor surface imperfections such as a rough surface, localized surface mesh exposure or aesthetic imperfections do not qualify as delamination.

“Proper installation”, “properly installed” or terms of similar import mean products installed in accordance with the most restrictive of the requirements of (i) the application and installation instructions and guidance specified by HEW (or for third-party products, the manufacturer of such products), (ii) local building code applicable at the time of construction, (iii) the government agency having jurisdiction or (iv) the engineer or architect of record. Products that have not been installed in accordance with the preceding sentence shall be considered improperly installed.

HEW extends the warranty set forth in Section 4 to Users for the Warranty Period.

**3. Is this warranty transferable?**

This warranty is for the sole benefit of the User, is not transferable, and terminates upon any transfer of the Residential Structure by the Original Homeowner.
