

Huber Industrial Panel (HIP)

**ENGINEERED
WOODS**

DEFINING INNOVATION.

1 – Moisture Resistance

Advanced water-resistant adhesive system creates a strong, stable product without a worry of harmful formaldehyde or other emissions.

2 – Dimensional Stability

Exceptional dimensional stability resists warping, cupping, twisting or bowing.

3 – Strength and Stiffness

Exceptional strength and stiffness combine with easy machining and adhesion for trouble-free manufacturing and performance.

4 – No Core Voids

Consistent product quality. Uniformity means no low-density pockets, no core voids or defects, providing increased yields and better assemblies.

5 – Environmentally Friendly

Made from fast growing, renewable softwood & hardwood species such as pines, poplar, maple and others from self-regenerating forests or responsibly managed woodlands.

6 – CARB Exempt

CARB 1 and CARB 2 exempt

7- Limited 25 Year Warranty

Huber Industrial Panels are backed by a limited 25 year warranty.
